R9 — policy adoption, delivery and programme results | panel 1

	What was adopted	What was delivered / reported	Target and reported result
P115102_A04 Piped−water fiscal incentives	Water−incentive guidelines	PDAM investment: USD 296 m	USD 300 m target; USD 296 m table actual
P118531_A04 Road Preservation Fund proposal	Road fund: draft only	Fund not institutionalised	Operational fund not established
P120313_A01 Peatland rehabilitation	Peat rehabilitation plan	Hotspots: 9,615 in 2010	10% reduction target: met
P120313_A02 REDD demonstration framework	REDD rules and pilots	REDD pilots: 31 in 2010	8−site target; 31 reported
P120313_A03 Timber legality / SVLK	Timber−legality standard	Legality framework advanced	Court−case target: partial
P120313_A04 Renewable−energy framework	Renewable−energy rules	Geothermal: 1,226 MW	40% target; scope mismatch
P120313_A05 Industrial energy conservation	Energy−conservation rules	Steel intensity: 650 kWh/t	5% improvement; about 7% reported
P120313_A06 River−basin water plans	River−basin councils / plans	13 national +29 local plans	12−plan target; 13 national
P120313_A07 Climate−resilient agriculture	Climate−agriculture measures	200 field−school units	20% gain: baseline missing
P120313_A08 BNPB / BPBD disaster agencies	Law 24/2007; BNPB framework	33 provincial /400 district agencies	33 /40 agency targets; 33 /400 actual
P120313_A09 Coastal climate resilience	Coastal conservation plan	Coastal programme: 22 districts	10% awareness gain: baseline missing
P120313_A10 Climate planning and budget integration	Climate planning / budgeting	Mitigation allocation: Rp 15.9 tn	Rp 10 tn target; definitions differ
P120313_A11 Climate trust fund / ICCTF	Climate council and ICCTF	ICCTF received: GBP 5.55 m	GBP 9 m target; GBP 5.55 m received
P124006_A05 Performance−based road maintenance	Road−maintenance circular	120 km maintenance contracts	50 km target; 120 km contracted

Compact descriptions retain source qualifications. Use the interactive version for dates, indicators, references and interpretation limits.

Green: target met | Amber: partial, qualified or late | Orange: below target | Light blue: future target | Grey−blue: baseline

R9 — policy adoption, delivery and programme results | panel 2

	What was adopted	What was delivered / reported	Target and reported result
P167297_A02 Public−asset disaster insurance	Public−asset insurance rules	Insurance participation: 11%	6% target; 11% actual
P167297_A03 Adaptation budget tagging	Adaptation budget tagging	Adaptation tagging: 15%	14% target; 15% in 2020
P170940_A09 Pooling fund: budget−law basis	Pooling−fund budget−law basis	Operationalised Apr 2025; insurance pilot	2024 deadline; operational Apr 2025
P172439_A03 Solar investment regulations	Solar−investment regulations	Solar capacity: 201.09 MW	0.40% target; 0.27% actual
P172439_A04 Emergency food−import access	Emergency food−import rules	Waiver use not quantified	Rice 50% /soy 36% price gaps
P175742_A03 Telemedicine standards	Telemedicine standards	Telemedicine ever−use: 14%	8% target; 14% actual
P173233_A09 Sustainable finance / carbon−market law	Sustainable−finance legal basis	Bank reporting 99%; green issues 100%	75%/100% targets; 99%/100% actual
P173233_A10 Pooling fund: establishment	PFB establishment / agency	Operationalised Apr 2025; insurance pilot	2024 deadline; operational Apr 2025
P500689_A05 Health−worker reserve	Health Law: reserve workforce	Reserve: 26,938 personnel Jul 2025	Target 13,723; 26,938 byJul 2025
P508323_A04 Bank climate−risk management	Bank climate−risk guidelines	CRMS pilot: 18 banks in 2024	Pilot delivered; 100% target due 2026
P508323_A05 Pooling fund: operating mechanism	PFB operating mechanism	Mechanism operating; 3−ministry pilot	Risk−transfer target 5% due 2026
P508323_A06 Renewable local−content reform	Renewable local−content easing	Solar LCR 43 to 20%; hydro 55 to 34%	Regulatory easing; 15% saving due 2026
P508323_A07 Sustainable industrial estates	Industrial−estate standards	2024 baseline: EnMS 25%; warning 20%	25 to 45% EnMS; 20 to 40% warning by 2026
